# Thank You for Serving Grieving Parents

## *To those who serve families grieving the loss of a baby:*

Thank you for caring for families who have lost a baby during pregnancy or shortly after birth. We believe that dealing with infant losses can be some of the most difficult work that you do. Families truly appreciate those who acknowledge their loss and provide a dignified burial for their child.

Proper burial is the only gift that they will be able to give this child and families want their baby's burial to be special. We appreciate all you do to make this possible. We are happy to provide you with caskets and urns for these grieving families.

When a family is experiencing pregnancy loss, there is little opportunity to provide for that baby, other than a proper burial or cremation. Choosing a casket and burial clothing may be the only earthly choice they will ever make for that child. With the assistance of Heaven's Gain, please offer choices for these families. We would be honored if you would consider our caskets and urns for babies who leave too soon. A size chart is available on the page 2 of this catalog.

## *Order Processing:*

We prefer orders be placed through our website to allow you to choosing the correct type of shipping for your order. Only express orders are guaranteed to arrive by a specific day. Should you have any questions we are available by phone at (513) 607-6083 or email at [heavensgain@heavensgain.org](mailto:heavensgain@heavensgain.org). Orders are sent out the same business day if placed by noon EST. We will try (not guaranteed) to get the order out if received after noon. If you will be placing an order after noon EST but you would prefer it to go out the same day, call to see if that is a possibility.

## *Shipping:*

Next day shipping is possible but may be three to four times as expensive as ground shipping. Fed Ex Express or USPS Express have guaranteed delivery dates. USPS Priority Mail and FedEx Ground have planned delivery dates, but they are not guaranteed. The shipping page on our website has more details.

## *Save on shipping*

Order more than one casket and/or urn to have on hand so you don't need to have to use express shipping. By ordering in advance you can use ahead of time via ground shipping to keep on hand to save on shipping for future needs.

## *Free services for your clients*

### • **Before Birth**

Families who meet with a Heaven's Gain Ministries Baby Loss Family Advisor™ make the best, most informed choices that help enhance a loving encounter with their baby. Planning these meaningful moments help create lasting memories that bring comfort before, during, and after the delivery of their baby. A birth plan template is available on our website. One of our Baby Loss Family advisors can meet in person, on the phone or video chat.

### • **During Birth**

During the delivery, a Heaven's Gain Ministries Baby Loss Family Advisor™ offers gentle support, guidance, advocacy, and reassurance. The Advisor helps with memory making and is a liaison with the medical community for the family. The Advisor does not give medical advice.

### • **After Birth**

Parents take part in our support services at various points in their grieving journey. Some come for support the same week they delivered, some weeks or months later and some decades after the loss of their baby. Our support staff serves, individuals, couple, and in groups support. There is no time limit on grief. We are here to support your clients.

# *Preserving Babies Too Small to Embalm*

## *Saline Bath Preservation Information*

At Heaven's Gain Ministries, we strongly recommend the **Saline Bath Preservation Technique** for the deceased baby. This requires a vessel.

The handling and burial of a miscarried or stillborn baby often brings with it some special challenges. The baby's skeletal system is not fully developed, and so the baby may not retain his/her natural form after birth. The baby's body is very fragile, and the skin may be sticky to the touch.

If still in the womb, the baby would be peacefully floating in his/her own amniotic fluid. Our vessels allow the baby to be suspended in water as nature intended at this stage of life, as opposed to being completely exposed to dehydration. The use of the vessel filled with saline water gives the body of the baby a womb-like environment.

We recommend a 0.9% saline solution or 0.9% contact lens solution, to "preserve" the baby therefore, slowing down the deterioration process. When not viewing the baby, place the baby in a cold (not frozen) place, to further slow the deterioration process. These techniques can be used for a couple to a few days until burial.

Often times a miscarried or early stillborn baby does not look exactly as expected or as seen in baby development pictures. When placed in a vessel with 0.9% saline water, the baby usually returns to his/her naturally beautiful state for that stage in pregnancy. This change in appearance allows other children and family members to view the baby while keeping the baby's body safe.

The clear vessel provides a wonderful opportunity to take beautiful pictures. Wrapping the bottle with a blanket allows family members to cuddle and rock the baby without worrying about skin breakdown. Even if the family prefers to not see the baby in the vessel preserving the baby in the vessel will help preserve them up until the viewing.

The Funeral Home page on our website [www.heavensgain.org](http://www.heavensgain.org) includes a video about the saline bath technique.

# Vaults

## Pyramid Vault

This vault fits our small 9" wood caskets. This burial vault is made of light weight, high-impact polystyrene. The walls are extremely sturdy with 30 - 40% more material than similar models. A tube of sealant is included with each vault. This vault can also be used to bury our urns.

Exterior size: 14.5"L x 9"W x 9"H

Interior size: 13.5"L x 8"W x 8"H

## Cherokee Child Vault

This extremely sturdy white vault has been engineered using high-density, water-resistant polypropylene. Available in two sizes, Vault 4 for second trimester caskets, or Vault 5 for third trimester caskets.

Vault #4:

Exterior Size 28"L x 15.5"W x 12"H

Interior Size 24"L x 11.5"W x 8.0"H

Vault #5:

Exterior Size: 31.75"L x 18"W x 14"H

Interior Size: 27"L x 13.5"W x 10.5"H

## Crowne Economy Vault

This vault can be used for our first trimester and early second trimester caskets. It also can be used for burial of our smaller urns. Since it is a little wider it can be used for two plastic caskets for additional vault protection. It cannot be used for the high gloss casket. The burial vault is made of light weight, high-impact polystyrene. Proudly made in America.
